Projection from wall to front of radiator: 148mm max.								
White (RAL 9010)								

Temperature controller: Backlit LCD digital display screen gives complete control. Temperature can be adjusted in 0.5°C increments. 3 pre-set programmes and 5 mode settings. Open window detection system and parental lock. 7 day programmable function.

Colour finish: Standard colours from the Zehnder colour chart including matt white finish which are priced at: white RAL 9010 + 25%. Colour finish and non-stock products delivery: 3–5 weeks.

Open Window detection

The Integral control unit recognises if a window has been opened for an extended period and switches the radiator off. Once the window is closed, the radiator returns to normal operation.

- Temperature changes are quickly recognised via the external temperature sensor.
- The integral thermostat proactively reacts to sensor information; delivering the perfect indoor climate.
- Intuitive radiator which automatically switches off if a window is open for an extended period.
- An intelligent heating solution which lowers costs and energy consumption.

FARE TECH

H = height
W = width
All dimensions in mm

The **Fare Tech** electric radiator combines beauty and brains. Manufactured from aluminium, its unique, elegantly curved shape allows comfortable radiant heat to disperse optimally throughout the room, whilst its smart integrated control panel allows the room temperature to be easily set and energy consumption controlled.
