Tube: Horizontal Ø 23mm  
Tube: Vertical 30 x 30mm  
All dimensions in mm

### Open Window detection

The Integral control unit recognises if a window has been opened for an extended period and switches the radiator off. Once the window is closed, the radiator returns to normal operation.

- External temperature sensor recognises temperature changes.
- Integral thermostat reacts to sensor information
- Radiator automatically switches off if a window is open for an extended period.
- Intelligent heating that saves energy and costs.

Please note  
a 15% surcharge  
will be applied to  
all prices  
displayed, on all  
orders placed from  
1<sup>st</sup> August 2021

The simple elegance of the **Subway Electric** is maintained with either a simple immersion heater or a radio frequency remote programmer. Also available in stainless steel see page 94.

Where space is restricted the Zehnder Subway Electric is available with a room divider bracket option. To order this version please stipulate on your purchase order at the time of ordering.

Additional price:
